Thanks.

Let me know when it's ready to post. I can't post without EOC approval.

I still need R9 to confirm their numbers(they were shared on media call yesterday but it might have been only in the field number) – should be in their update shortly but wanted you to see draft – I think the Roles/responsibilities heading should be removed from the original page and just use a general heading like Response Resources and Cooperating Agencies. I also don't have updates from R6/R9 on additional cooperating agencies. I think we can keep updating that part as we get more info.

## How is EPA Responding?

EPA is committed to working closely with response agencies and state and local officials to ensure the safety of citizens, respond to concerns and to evaluate impact to water contaminated by the spill.

### Staff Deployed as of 8/15/15

EPA currently has deployed over 200 employees and contractors for the response (based on 78 for R6; 36 for R9 and 92 for R8). The US Coast guard is also providing 14 responders. There are currently at least 20 different state and local agencies involved in the response with at least 68 employees working to ensure the health and safety of the public.

## Which Other Organizations are Involved in the Response?

- La Plata County
- San Juan County, CO
- San Juan County, NM
- SanJuan Basin Health Department
- City of Durango
- City of Farmington
- Durango Fire
- Grand Junction Fire
- Navajo Nation
- Southern Ute Tribe
- New Mexico Environment Department
- Colorado Fish and Wildlife Conservation Office
- Colorado Department of Public Health and the Environment
- Utah Department of Environmental Quality
- U.S. Geological Survey (USGS)
- U.S. Agency for Toxic Substances and Disease Registry (ATSDR)
- Southwest Incident Management Team
- U.S. Bureau of Indian Affairs
- U.S. Bureau of Reclamation
- Mountain Studies Institute
